

A black rectangular overlay with a white border, containing the brand name and product description. The text is centered and includes decorative elements like a sunburst in the top-left corner and a horizontal line with three diamonds in the middle.

Signature
STOVES

Efficient & reliable Ecodesign
wood burning stoves

Designed in Britain

Designed in Britain, Signature is a range of highly efficient Ecodesign, Defra-approved stoves built by stove experts for stove experts.

Signature Stoves has a longstanding reputation for outstanding quality at affordable prices. Many years of tinkering and adjusting has led to a set of stoves that are highly efficient and popular with qualified stove installers.

We have adopted the old US Navy saying: Keep It Simple Stupid (KISS), because overly-complicated stoves are often hard to maintain and fail faster.

A SIGNATURE STOVE MEANS

Ecodesign

SIA Ecodesign

Meets all current and future stove regulations

Wood burning only

Hybrid construction

Low distances to combustibles

Advanced Secondary/Tertiary burn
